

Number(ID)	Full Name	Affiliation	Research
ID98001	Weikang Qian(Professor)	Shanghai University Of Technology	Electrical engineering&Intelligent control
ID98002	Ling Song(Professor)	Guangxi University	Computer science
ID98003	Danyang Zhao(Associate professor)		International economy&Multinational culture
ID98004	Chunxue Wu(Professor)	Shanghai University Of Technology	Computer science
ID98005	Yunan Hu	Naval Aviation Engineering Institute	Network control
ID98006	Xingfu Wang	Computer Department of University of Science & Technology China	Embedded system
ID98007	Xiao Sun(Associate professor)	Computer and Information College of HeFei University of Technology	Artificial intelligence
ID98008	Bingru Yang(Academician)	Beijing University Of Science and Technology	Intelligent system
ID98009	Kunhong Liu	Software College of Xiamen University	Database technology
ID98010	Mingfen Wu(Professor)	WuYi University	Fuzzy set theory&Rough set theory
ID98011	Nanfeng Xiao(Professor)	College of computer science and engineering of South China University of Technology	Intelligent robot

ID98012	Bo Zhao(Professor)	Computer Department of Wuhan University	Information security
ID98013	Zhang Zhang(Associate researcher)	HeFei University of Technology	IC design
ID98014	Yu Dong	Computer Department of South China Normal University	Computer control technology
ID98015	Xiaofu Li(Associate professor)	College of mathematics and computer science of SUN YAT-SEN University	Software engineering
ID98016	Liang Zhang(Professor)	Civil Aviation University of China	Image processing and pattern recognition
ID98017	Jiangtao Yu(Associate professor)	College of electronics and Information Engineering of Tianjin University	The design of image sensor chip
ID98018	Yongmin Qi(Associate professor)	College of communication engineering of Hangzhou Dianzi University	Optical network
ID98019	Pin Wu	Shanghai University	High performance computing
ID98020	Zhonghua Li(Dor.)	SUN YAT-SEN University	Intelligent control
ID98021	Xunqiong Tan(Associate professor)	Institute of electric power of Changsha University of Science and Technology	Advanced automatic control
ID98022	Guangping Zeng	Computer Department of University of Science and Technology Beijing	Intelligent computing and intelligent robot
ID98023	Mengzhang Cheng(Professor)	Information Engineering College of Huaqiao University	IC design

ID98024	Jian Zhang(Professor)	Computer Department of Wuhan University	Wireless sensor network
ID98025	Jinshu Han(Associate professor)	Dezhou University	Pattern recognition technique
ID98026	Yan Zhou(Associate professor)	University Of Xiangtan	Information fusion
ID98027	Gaobin Xu(Professor)	HeFei University of Technology	MEMS, NEMS sensor
ID98028	Yanhui Lu(Associate professor)	Zhengzhou University	Theory and technology of broadband wireless communications
ID98029	Shao Kun	Computer and Information College of HeFei University of Technology	Software engineering
ID98030	Feng Li (Professor)	Computer Department of Donghua University	Artificial intelligence
ID98031	Yumin Tian	Xidian University	Graphics and image processing
ID98032	Guibin Yuan	Harbin Institute of Technology	Radiation thermometry
ID98033	Zhitao Xiao(Professor)	Tianjin University of Technology	Theory and application image processing and pattern recognition
ID98034	Xingyuan Wang	Computer Department of Dalian University of Technology	Nonlinear analysis of biomedical information
ID98035	Hongli Xu(Professor)	Beijing Jiaotong University	Content-based Image and Video Retrieval, Semantic Annotation of Image, computational education

ID98036	Xianglin Wang(Professor)	Hangzhou Electronic Science and Technology University	network security
ID98037	Xiuling Zhang(Professor)	Yanshan University	Neural network optimization and Application
ID98038	Tao Cai	Computer Department of Jiangsu University	Network storage
ID98039	Fei Yuan(Associate professor)	Department of Communication Engineering of Xiamen University	wireless communication
ID98040	Qingli Li(Associate professor)	East China Normal University	optical engineering
ID98041	Xiaodong Liu(Associate professor)	Harbin Institute of Technology	failure diagnosis
ID98042	Xinming Ye (professor)	University Of The Inner Mongol	Formal description technique
ID98043	Yan Zhang(Associate professor)	Department of Computer Science and Technology of Nanjing University	computer graphics
ID98044	Anna Wang	Northeastern University	Machine learning, pattern recognition, fault diagnosis
ID98045	Di Chen (Professor)	Huazhong University of Science and Technology, Wuhan photoelectric National Laboratory	Flexible solar battery, electrochemical energy storage device
ID98046	Zhaohui Guo (Associate Professor)	Huizhou University	Calculation of functional materials
ID98047	Yangxue Guo (Lecturer)	Shanghai Ocean University	

ID98048	Longjiang Zheng (Professor)	Yanshan University	Laser spectroscopy technology and its application, the photoelectric detection technology
ID98049	Yong Xu (Professor)	South China University of Technology	Computer vision, pattern recognition
ID98050	Ru Li (vice president)	School of computer and information technology, Shanxi University	natural language processing
ID98051	Lixin Wang (Professor)	Hangzhou Electronic Science and Technology University	Signal and information processing, communication and Information Engineering
ID98052	Shijie Jia	Dalian Jiaotong University	Information and communication engineering, image processing and pattern recognition
ID98053	Na Lu (Associate Professor)	Hainan Normal University	Electronic commerce, Internet marketing, information management, logistics and other
ID98054	Pinqun Jiang (Associate Professor)	School of Electrical Engineering OF Guangxi Normal University	Signal detection and automatic control
ID98055	Guiqin Yang	LanZhou JiaoTong University	Modern communication theory, modern signal processing
ID98056	Yi Liu	Shandong University	Signal processing, image analysis, the application of wavelet
ID98057	Xiaoming Qian	College of textiles ,Tianjin University of Technology	Fiber materials, nonwoven material and engineering, textile and clothing
ID98058	Wang xiaoyan	School of Civil EngineeringChang'an University	Project Management, Investment Analysis, Economic Analysis of Investment Projects
ID98059	Jitian Wang (Associate Professor)	Northeast Agricultural University	Corporate finance, investment and policy, economic, agricultural and forestry economic management

ID98060	Eryou Wei (Professor)	College of information and electrical engineering, Ludong University	Automatic control
ID98061	Wang Shibing (Dr., associate professor)	Fuyang Normal College	Theory of nonlinear circuits and systems and its application in signal and information processing application
ID98062	Yunzuo Zhang	School of information and electronics, Beijing Institute of Technology	Complex information system design, radar signal processing, software radio
ID98063	Jingzhao Li (Professor)	Anhui University of Science and Technology	Network engineering, computer monitoring technology
ID98064	Bingru Yang, Tenured Professor (top level)	College of computer and Communication Engineering, University of Science and	Knowledge discovery and intelligent system; flexible modeling and integration technology
ID98065	Hongsong Chen	College of computer and Communication Engineering, University of Science and	Network and information security, software engineering, high performance computing
ID98066	Weidong Li (Associate Professor)	College of Information of Henan University of Technology	Remote sensing information processing and application of GIS
ID98067	Xianglin Huang (Professor, doctoral tutor)	Computer Department of Communication University of China	The image video information processing technology
ID98068	Degan Zhang (Professor)	Tianjin University of Technology	Internet, mobile computing, intelligent control, network communication
ID98069	Junxiang Zhang (Professor)	Institute of Optoelectronics, Shanxi University	Quantum optics, atomic physics, laser physics
ID98070	Ning Bi (Professor, doctoral tutor)		Signal analysis and processing, compressed sensing theory and Application
ID98071	Mingfen Wu (Professor)	Wuyi University	Fuzzy set theory, rough set theory

ID98072	Fuchun Liu (professor)	Guangdong University of Technology	System control and fault diagnosis, mathematical logic
ID98073	Lei Ding (Associate Professor)	Computer Department of Guangdong University of Technology	Embedded system, Internet application
ID98074	Enyuan Dong(Associate Professor)	Dalian University of Technology	Intelligent appliances, vacuum circuit breaker
ID98075	Songwei Zeng	Zhejiang agriculture and Forestry University	Agricultural electrification and automation
ID98076	Xiaofen Wang (Lecturer)	University of Electronic Science and technology	Information security, cryptography
ID98077	Zhu Nanli	Ningbo University of Technology	Information processing, information management, sentiment analysis
ID98078	Baozhi Qiu (Professor)	College of Information Engineering , Zhengzhou University	Data mining, database
ID98079	Jin Xu (Associate Professor)	China University of Geosciences (Wuhan) College of mechanical and electrical system	Communication and information processing, signal processing, digital image processing, networking technology, artificial
ID98080	Lingxiang Zheng (Engineering)	College of information science and technology , Xiamen University	Artificial intelligence, pattern recognition, embedded system, network communication
ID98081	Fei Yuan	Department of Communication Engineering,Xiamen University	Underwater acoustic communication, image processing, wireless communication
ID98082	Yang Xu (Associate Professor) (department	University of Electronic Science and technology	Artificial intelligence, multi-agent system
ID98083	Wen Li	Hunan Institute Of Science And Technology	Industrial control, industrial Ethernet

ID98084	Xiaojian Hao (Professor)	Zhongbei University	Photoelectric apparatus and dynamic test
ID98085	Xingquan Liu (Professor)	School of Microelectronics and Solid-state Electronics, University of	Inorganic functional materials, new energy materials and devices, inorganic nano materials
ID98086	Yougui Guo	University Of Xiangtan	Power electronics, motor control
ID98087	Qiao Shaojie, Associate Professor	School of Information Science and Technology Southwest Jiaotong University	Database Data Mining/Web Mining Knowledge Discovery in T.C.M databases, digital forensics, or
ID98088	Xueping Zhang (Professor)	He'nan University of Technology	Intelligent information technology, spatial data mining
ID98089	Zhiting She (Associate Professor)	College of Electrical and Information Engineering, Hunan University	Power electronics and AC motor speed control
ID98090	YouyuWu (Professor)	College of Information Engineering ,Wuhan University of Technology	Embedded system and intelligent control
ID98091	Mengzhong Cheng	Institute of information, Huaqiao University	IC design
ID98092	Yong Zhao (Professor)	Institute of computer science and Engineering, University of Electronic Science and Technology	Distributed computing, grid computing, cloud computing, data processing
ID98093	Zhenyu Wang (Associate Professor)	Guangdong Ocean University	Signal detection and processing
ID98094	Yu Liu (Associate Professor)	School of Microelectronics and Solid-state Electronics, University of	Biological nanometer material, nanometer biological science
ID98095	Donghai Di	College of information science and technology, Southwest Jiao Tong University	Massive data mining

ID98096	Xingquan Liu	School of Microelectronics and Solid-state Electronics, University of	Inorganic functional materials, new energy materials and devices
ID98097	Yongda Hu	School of Microelectronics and Solid-state Electronics, University of	Microelectronic packaging
ID98098	Dong Yin (Associate Professor)	University of Science and Technology of China	Intelligent information processing, image processing
ID98099	Shubin Yang (Professor)	School of Electrical Engineering & Information Technology, Wuhan Institute of	Signal、 image processing and multimedia communications
ID98100	Jianhao Tan (Professor)	Hunan University	Artificial intelligence, data mining
ID98101	Ping Han (Professor)	He'nan University of Technology	The computer pattern recognition, image processing, computational intelligence
ID98102	Guosen Luan (Associate Professor)	College of Computer and Information , Three Gorges University	Information security, database technology
ID98103	Shaojie Qiao (Associate Professor)	School of Information Science and Technology, Southwest Jiaotong University,	◆ Database/Knowledge Engineering/Social Networking ◆ Data Mining/Web Ming/Statistics
ID98104	Muhammad Naufal Bin Mansor	Intelligent Signal Processing Group (ISP), School of Mechatronic, University Malaysia	To contribute creative engineering skills and experience and collaborate with a team that enhances your organisation's
ID98105	Chetankumar.G. Shetty	Chetankumar G Shetty ExperInn Solutions Pvt. Ltd.	Augmented Reality, Virtual Reality, Interactive learning, Learning Technologies, e-learning
ID98106	Prof. (Dr.) Debnath Bhattacharyya	Computer Science and Engineering; University of Calcutta, Kolkata, India	"Design and Analysis of Human Signature Authentication and IRIS Verification System"
